With the **Invacare® Walker**, providers, clinicians and consumers gain the stability they need at an economical price. Invacare Walkers offer a wide, deep frame with a large number of height adjustments and are offered in junior and adult sizes. The walker has a lower side brace for added stability and is stable, lightweight and easy to lift and maneuver. Walkers include PVC handgrips that provide comfort and long-lasting wear and anti-rattle silencers for quiet operation.
Invacare® Dual Blue-Release™ Adult Walker Features
Lightweight, wide, deep aluminum frame
Dual Blue-Release mechanisms provide both visual and audible “locked” cues
Rigid dual side brace design
Large number of height adjustments
Anti-rattle “silencers” for quiet operation
PVC handgrips for comfort and long lasting wear
Compatible with most Invacare Walker Accessories (not to be used with Walker Tray or Walker Pouch)

HCPCS Code:
E0135 Adult/Jr.
E0143 Wheeled Adult/Jr.

1. Dual Blue-Release button
6240-A: Dual Blue-Release Adult Walker
6240-5F: Dual Blue-Release Adult Walker with 5” Wheels

Invacare® Single-Release Walker Features
Lightweight aluminum frame
One button to press and fold
Single button provides both visual and audible “locked” cues
Large range of height adjustments
PVC handgrips for comfort and long-lasting wear
Compatible with most Invacare Walker Accessories (not to be used with Walker Tray or Walker Pouch)

HCPCS Code:
E0135 Adult/Jr.
E0143 Wheeled Adult/Jr.

1. Single-Release button
6281-A: Single-Release Paddle Adult Walker

All references to HCPCS codes: Providers are responsible for determining the appropriate billing codes when submitting claims to the Medicare program, and should consult an attorney or other advisor to discuss specific situations in further details.
Invacare® I-Class™ Paddle Walker Features
Composite lower side brace stiffens walker frame and adds stability
Folding mechanisms are easy to reach from a seated position
Lighter and easier to lift and maneuver
PVS handgrips wear longer and provide greater comfort
Walkers fold easily for transport or storage

HCPCS Code:
E0135 Adult/Jr./Single
E0143 Wheeled Adult/Jr.

1. Dual-Release Paddle button

The Invacare® Heavy-Duty Dual-Release Paddle Walker is strong, stable and simple to use, helping individuals to walk with confidence and ease. This walker also is compatible with Invacare leg accessories.

Features
Compatible with model # 6375 bariatric 5” fixed wheels and leg extensions

The Invacare® Bariatric Adult Walker provides a wide and deep frame that can support an individual up to 700 lb. The dual-release buttons provide both visual and audible “locked” cues for the user. The durable aluminum frame provides maximum stability for consumers and the legs offer variable height adjustments.

Features
Compatible with Invacare model # 6372 bariatric 5” fixed wheels and leg extensions

HCPCS Code: E0148

1. Dual Blue-Release button (model 6291-HDA)
2. Dual-Release Paddle button (model 6441-A)
3. Bariatric size

1. Dual-Release Paddle Adult Walker
2. Dual-Release Adult Paddle Walker with 5” Wheels
3. Heavy-Duty Dual-Release Adult Walker
4. Bariatric Dual Release Adult Walker

All references to HCPCS codes: Providers are responsible for determining the appropriate billing codes when submitting claims to the Medicare program, and should consult an attorney or other advisor to discuss specific situations in further details.
The Invacare® Two Step Walker features a wide, deep frame with a large number of height adjustments and a lower side brace for added stability. It features two stages of grips to help the user ease from a sitting to standing position. The Invacare Two Step Walker is light, easy to lift and maneuver, and features foam hand grips for comfort and anti-rattle silencers for quiet operation.

Features
- Combination single-release folding walker and sit to stand assistance device
- Can also be used as a toilet safety frame
- Adjustable height settings
- Accessories currently not available

HCPCS Code: E0135

The Invacare® Adult Hemi Walker is designed for patients with limited or no dexterity in one arm or hand. This lightweight walker combines support and stability, yet is easy to lift and maneuver, even with one hand.

Features
- Wider base provides more stability than a quad cane
- Anodized aluminum tubing, lightweight and maneuverable
- Compact size for easy storage and transport
- Extra handgrip provides ease in folding
- Slip-resistant rubber tips

HCPCS Code: E0135

All references to HCPCS codes: Providers are responsible for determining the appropriate billing codes when submitting claims to the Medicare program, and should consult an attorney or other advisor to discuss specific situations in further details.
