CUSHION RIGIDIZER
- Lightweight plastic seat insert
- Securely attaches to bottom of cushion inside cover
- Eliminates hammock effect of seat upholstery

ADJUSTABLE HEADRESTS
- Contoured head and neck supports available in four styles
- Externally swivel hardware for multi-plane adjustment
- Durable steel reinforced polyurethane pads

BELTS AND STRAPS
- Three sizes of shoulder supports fit child, junior and adult
- Three sizes of padded shoulder straps fit adult
- Push-button release for secure attachment
- Three sizes of four-point lap belting fit child, junior and adult

DROP BASE
- Provides stable support base for the cushion
- Lower seat to floor height without using a chair tray
- Allows wheelchair transfers from 19” to 22” wide
- Height and angle adjustable: up to 4” of drop provided
- Portable quick-release hardware allows easy removal of base from wheelchair

FORM-IN-PLACEBASE
- Easy-to-use Foam-in-Place kit provides custom foam mold insert in minutes
- Provides additional support and positioning for users who need a more custom fit
- Custom-molded insert can be easily removed for modification or remolded to meet the changing needs of the user
- Can be used with Invacare Matrx Personal Back™ or Personal Back™ 10 Plus Backs

FULL TRAY - HOOK AND LOOP MOUNT
- Lightweight and easy to handle
- Break-resistant clear polycarbonate tray surface
- Molded-in rim helps keep items on tray
- Trays easily swing away when not in use

FULL TRAY - SWINGAWAY
- Break-resistant clear polycarbonate tray surface
- Trays securely attach to wheelchair armrest and are durable
- Molded-in rim helps keep items on tray

FULL TRAY - SLIDE-ON MOUNT
- Break-resistant clear polycarbonate tray surface
- Trays securely attach to wheelchair armrest and are durable
- Molded-in rim helps keep items on tray

FUll Tray - HOOK And Loop MOUNT
- Lightweight and easy to handle
- Break-resistant clear polycarbonate tray surface
- Molded-in rim helps keep items on tray
- Trays easily swing away when not in use
- Molded-in rim helps keep items on tray

BASICS
- Padded comfortable seat and back support
- Horizontal and vertical support adjustment to a user's needs
- Seat and back cushions for durability

Specifications and warranty information can be found at www.invacare.com.
With the number of new seating and positioning products available today, it's only natural to choose the products that you know best. Invacare® Seating Series products offer a clinical benefit while making life more comfortable for the consumer. This catalog is your source for the Invacare Matrix Seating Series.

Whether it's the comfort and style of the revolutionary Invacare® Matrix®, the functional and practical Invacare® Matrix® Flex, or the Invacare® Matrix® Flax Coax, Invacare Matrix Seating Series products provide optimal solutions for any individual's seating needs. Not only do Invacare products raise the benchmark in functionality and comfort for the consumer, they also ensure that all providers can have confidence in these quality products.

For your convenience, we have included a perforated Seating and Positioning Product Guide that can be torn out and used for reference. Post it on the wall, place it in a binder and use it as you travel to see clients. However you decide to use it, we hope it helps in choosing the right Invacare products.

Invacare is committed to providing you with products that exceed your expectations. As the landscape of seating changes, Invacare's dedication to innovation, quality and, most of all, your comfort will stay the same.

**Optional Thoracic Lateral Supports**

- Provide improved trunk control and stability
- Adjustable in height and width for accommodating fixed postural asymmetries, correcting flexible postural deformities or adjusting over time to support incremental postural changes

**Optional Pelvic Stabilizers**

- Promote pelvic stability
- Adjustable in height and width for accommodating fixed postural asymmetries, correcting flexible postural deformities or adjusting over time to support incremental postural changes
The Invacare® Matrx® Personal Back™10 and Personal Back™10 Plus Backs combine simplicity of design with effectiveness of application. The highly popular Invacare Personal Back line continues to provide the comfort, postural support and spinal alignment that you have come to expect.

Features and Functional Benefits

Outer cover:
- Stretchable and breathable cover to allow additional foam inserts

Soft foam:
- Foam lining held in place with hook and loop fasteners provides comfort and support
- Allows greater flexibility for addition of foam
- Visco foam upgrade available

Back shell:
- Regular and tall heights to accommodate different user postural requirements
- Lightweight aluminum shell that mounts quickly and easily to the wheelchair
- Pre-contoured shell provides excellent contact, improved lateral stability and support
- Deep lateral contour provides increased midline support without interfering with upper extremity range of motion
- Pre-drilled headrest pattern allows mounting of standard headrest mounting hardware

Sacral/lumbar support:
- Includes sacral support that is easily adjustable to meet individual needs

Hardware:
- Quick Set™ fits canes .875 or 1" in diameter
- Can be easily mounted in front of or behind the canes
- Quick release levers for easy removal
- Allows increased adjustability in height, depth (2" in front or behind the canes) and back angle (up to 24°)

Specifications
The Invacare® Matrx® Vi Cushion is designed to provide skin protection and positioning for users at moderate to high risk of skin breakdown. The unique three part foam construction targets skin protection to where it is needed most, and features improved stability, support and comfort.

**Features and Functional Benefits**

**Outer cover:**
- Moisture resistant and breathable
- Includes slip resistant base, hook and loop fasteners, lifting strap and convenient side pocket
- Available in black and Kid*ab*ra print

**Inner cover:**
- Moisture resistant
- Easily wipes clean
- Zippered cover allows access for cushion modifications

**Top layer:**
- Soft (ILD) High Resilient (HR) foam for optimal comfort and support
- Pre-ischial contour provides stability to pelvis
- Abductor/adductor contour promotes midline leg positioning
- Made with Ultra-Fresh™ for antibacterial and odor protection

**Visco foam insert:**
- Molded visco-elastic foam ischial relief insert
- Anatomically targeted to ischial/sacral area
- Provides immersion to sensitive bony prominences

**Bottom layer:**
- Firm (ILD) High Resilient (HR) foam for support and durability
- Trochanteric shelf provides stability to hips
- Waterfall front edge
- Rear radius for sacral support

**HCPCS Code**
E2607/E2608

**Invacare® Matrx® Vi Cushion**
Model no. MA(WWDD)-Vi

**STANDARD**
- Width: 14", 16", 18", 20", 22"
- Depth: 15" – 20"
  - A. Height at adductor: 3.75"
  - B. Height at abductor: 3.25"
  - C. Height at leg trough: 2.5"
- Weight capacity: 300 lb.

**BARIATRIC**
- Width: 18" – 30"
- Depth: 18" – 26"
  - A. Height at adductor: 3.75"
  - B. Height at abductor: 3.25"
  - C. Height at leg trough: 2.5"
- Weight capacity: 600 lb.

 Kids*ab*ra fabric standard on pediatric sizes

**PEDiatric**
- Width: 12", 14"
- Depth: 12", 14"
  - A. Height at adductor: 2.975"
  - B. Height at abductor: 2.75"
  - C. Height at leg trough: 2"
- Kid*ab*ra fabric standard black fabric optional

**DROP BASE**
- Includes built-in drop base, drop hooks, DuraClip fasteners
- Allows adjustment of seat angle

**PELVIC OBLIQUITY KIT**
- Easily installed on all Invacare Matrx Vi/
  Kid*ab*ra-Vi cushions/bases
- Accommodates .5" or 1" obliquities

**CUSTOM MODIFICATIONS**
- Leg length discrepancies, width/depth reductions
- Foam, inner and outer covers modified to your specifications

Skin Protection and Positioning
The Invacare® Matrx® Flavair™ Cushion begins with the base for comfort, stability and function. This hybrid cushion captures the stability of foam, the pressure redistribution of air and the shear management of fluid. The Invacare Matrx Flavair Cushion is designed to provide pelvic stability, leg positioning and pressure management for individuals with postural asymmetry and skin integrity concerns.

**Invacare® Matrx® Flavair™ Cushion**

Model no. ITFG, ITFM

**Features and Functional Benefits**

**Outer cover:**
- Moisture resistant and four way stretch to allow immersion
- Includes non-slip base, hook and loop fasteners and a lifting strap

**Inner cover:**
- Four way stretch to allow immersion
- Vapor permeable to allow air circulation while preventing fluid penetration

**Fluid overlay:**
- Works in tandem with the Invacare® ThinAir™ bladder to maximize surface area for optimal pressure redistribution
- Shear management as the two layers work in harmony without weight penalty
- Compensates for different body types as fluid/air layers envelop body contours

**ThinAir bladder:**
- Comfort layer assists in redistributing peak pressures away from bony prominences
- Helps manage shear forces

**Positioning foam base:**
- Soft foam allows immersion of pelvis for comfort and stability
- Medial and lateral thigh supports facilitate positioning and alignment of lower extremities
- Trochanter cutouts facilitate proper pressure redistribution and comfort. Firm foam inserts under the cutouts add support
- Posterior pelvic support provides pelvic control that is required for stability and function
- Sacral cutout provides additional comfort and support for those sitting in a posterior pelvic tilt
- Gentle or max contour choices based on need for gentle or high level of posture control

**Easily installed on Invacare Matrx Flavair cushions**

**Accommodates 0.5” or 1” obliquities**

**GENTLE CONTOUR**

**Modifications**

- Leg length cutouts
  - 1” or 2” cutouts to accommodate leg length discrepancies
- Removable leg wedges
  - Allow lower seat-to-floor height for foot propellers
  - Accommodate limited hip flexion opens up seat-to-back angle

**Skin Protection and Positioning**
The Invacare® Matrx® PS Cushion is designed to provide superior positioning, stability and comfort. The design features an anatomically contoured shape with a unique waffled ischial relief recess and an innovative reversible outer cover.

**Features and Functional Benefits**

- **Reversible outer cover:**
  - Innovative reversible outer cover may be used smooth or fabric side out
  - Dartex™ fabric is moisture resistant and breathable
  - Hook and loop fastener strips

- **Inner cover:**
  - Moisture resistant
  - Easily wiped clean

- **Cushion:**
  - Molded visco-elastic foam ischial relief insert
  - Anatomically targeted to ischial/sacral area
  - Provides immersion to sensitive bony prominences

- **Ischial relief area:**
  - Waffled recess provides immersion of bony prominences
  - Helps maintain pelvic position and prevent sliding

**Custom Modifications**

- **Custom Modifications**
  - Leg length discrepancies, width/depth reductions
  - Foam, inner and outer covers modified to your specifications

**Cushion Rigidizer**

- **Cushion Rigidizer**
  - Lightweight, slim profile solid seat insert
  - Contoured to eliminate "hammock effect" of sling upholstery

**Pelvic Obliquity Kit**

- **Pelvic Obliquity Kit**

**Positioning**
The Invacare® Matrx® Stabilite™ Cushion is developed to provide pelvic stability and leg positioning for patients with postural asymmetry. The Invacare Matrx Stabilite Cushion comes fitted with a patent-pending Invacare® ThinAir™ bladder, a unique comfort layer that assists in reducing shear as well as in shear management and pressure re-distribution. The Invacare Matrx Stabilite Cushion begins with the base for comfort, stability and function.

**Invacare® Matrx® Stabilite™ Cushion**

**Model no. ITSG**

**Features and Functional Benefits**

**Outer cover:**
- Four way stretch to allow immersion
- Moisture resistant
- Includes non-slip base, hook and loop fasteners and a lifting strap

**Inner cover:**
- Four way stretch to allow immersion
- Vapor permeable to allow air circulation while preventing fluid penetration

**Invacare® ThinAir™ bladder:**
- Comfort layer assists in redistributing peak pressures away from bony prominences

**PELVIC OBLIQUITY KIT**

Easily installed on Invacare Matrx Stabilite cushions. Accommodates 0.5" or 1" obliquities
The Invacare® Matrx® Flotech Cushion uses a combination of molded foam and dual layer fluid sacs to provide the highest level of skin protection for users with high risk of skin breakdown. The Fit Kit components are available to address individual postural requirements.

**Invacare® Matrx® Flotech Cushion**

Model no. FT

**Features and Functional Benefits**

**Outer cover:**
- Moisture resistant and breathable
- Includes non-slip base, hook and loop fastener strips and a lifting strap
- Expandable cover facilitates use with Fit Kit components

**Plation liner:**
- An additional layer of moisture protection

**Fluid sac:**
- Unique dual-layer fluid in ischial/sacral area to help prevent bottoming out
- Non-temperature sensitive fluid will not freeze
- No kneading or maintenance required

**Foam base:**
- High quality, comfortable, resilient foam base
- Molded in hook and loop fastener strips for secure attachment of Fit Kit components
- Pre-ischial contour, trochanteric support and sacral support

**PELVIC OBLIQUITY BUILD-UP**

Accommodates obliquities up to 1°. For correctable obliquities use under low side of pelvis and for fixed obliquities use under high side of pelvis

**ADDUCTORS**

FRONT - Provides increased adductor contour to thighs
REAR - Provides increased adductor contour to hips

**SEAT WEDGES**

Increases degree of pre-ischial contour angle to help prevent sliding

**HEMI WEDGE**

May be used to provide increased support to one lower extremity – useful for clients who use foot propulsion or with hip flexion limitations

**ABDUCTOR**

SMALL - Provides 75° increased height of abductor contour
LARGE - Provides 2° increased height of abductor contour

**TAPERED WEDGES**

Accommodate mild pelvic rotation, mild hip flexion discrepancies or increase adductor contour

**FLUID SUPPLEMENT**

May be placed to provide pelvic obliquity accommodation or increased sacral/ischial immersion

**HCPCS Code**

E2622/E2623

**Adjustable Skin Protection**
The Invacare® Matrx® AirFlo™ Cushion is designed to provide rehab solutions for comfort, stability and pressure redistribution, as well as addressing positioning needs. The Invacare Matrx AirFlo Cushion is constructed using a foam base and air flotation cells and is an excellent choice for individuals who have a history or are considered to be at very high risk of skin breakdown.

**Features and Functional Benefits**

**Outer cover:**
- 4-way stretch to allow immersion
- Water resistant and breathable to dissipate heat and moisture
- Includes a slip resistant base, hook and loop fasteners, lifting strap and convenient front pouch for storage

**Inner incontinence cover:**
- Moisture proof and water resistant
- 4-way stretch to allow immersion
- Easily wipes clean
- Zippered cover allows for cushion modifications

**Air flotation cells:**
- 2” cells sit on top of a contoured foam base to provide optimal immersion and suspension of bony prominences similar to 4” cells
- Single valve adjustable air flotation cells
- Sits on top of the foam base to provide additional protection against bottoming out
- Inflation bulb easily operates with one hand

**Foam base:**
- Provides adequate postural support
- Contours provide comfort and positioning to enhance pelvic stability
- Available in Lo, Gentle or Max Contour

**Adjustable Skin Protection/Skin Protection and Positioning**

**HCPCS Code**
- E2624/E2625 (Gentle/Max Contour)
- E2622/E2623 (LoContour)

**Invacare® Matrx® AirFlo™ Cushion**
Model no. ILCAIR, IGCAIR, IMCAIR

**Features and Functional Benefits**

**Outer cover:**
- 4-way stretch to allow immersion
- Water resistant and breathable to dissipate heat and moisture
- Includes a slip resistant base, hook and loop fasteners, lifting strap and convenient front pouch for storage

**Inner incontinence cover:**
- Moisture proof and water resistant
- 4-way stretch to allow immersion
- Easily wipes clean

The new adjustable tension Invacare® Versair™ Back is designed for positioning and comfort, offering versatile and clinically beneficial solutions when standard sling upholstery does not meet an individual’s need. Wide tension straps are easily adjustable to accommodate positioning requirements with maximum support. They can be adjusted taut in the lower back for optimal sacral support or relaxed in the upper back to accommodate a thoracic kyphosis. The padded back upholstery uses mesh fabric for added comfort and improved airflow between the user and the back.

The Invacare® Matrx® Genera™ Back provides support and comfort at a price so affordable that no wheelchair user needs to make do with sling upholstery.

The Invacare® Propel™ Back is so lightweight and comfortable consumers will forget it’s there. Hardware installation is no longer a hassle: just grab it, set it and go. The Invacare Propel Back provides a stable surface for propulsion and completion of daily living activities.
INVACARE®

General Use
 Seat Cushions

For individuals with mild to moderate seating needs, the Invacare® Absolute™ Cushion offers simple, but highly functional solutions.
This cushion is designed to provide basic comfort using highly resilient foam and is intended for individuals who are able to do own weight shift for pressure relief.

Invacare® Absolute™ Seat Cushion
Model no. EC
Features and Functional Benefits
• Lightweight Molded Polyurethane foam: Provides comfort and durability
• Gentle Contour: For comfort and centering in the seat
• Shaped cushion bottom: Allows use of cushion on taut sling upholstery
• Outer cover: Breathable water repellent cover to protect foam and keep the consumer dry
• Non-slip bottom: Keeps cushion secure and in place

Specifications
Width: 16” – 20”
Depth: 16” – 18”
A. Height at adductor 3.25”
B. Height at abductor 2.25”
C. Height at rear 2”
Cushion weight approximately 2 lb.
Limited warranty 1 year

Invacare® Single Density Seat Cushion
Model no. SD
Features and Functional Benefits
• Lightweight contoured foam with deformation cut: Provides comfort and stability to the individual
• Outer cover: Durable water repellent cover to protect foam and keep the consumer dry

Specifications
Width: 10” – 24”
Depth: 7” – 20”
A. Height at adductor 2”
B. Height at adductor (center) 1.5”
C. Height at front 2.5”
Cushion weight approximately 2 lb.
Limited warranty 1 year

Invacare® Comfort-Mate Extra Seat Cushion
Model no. CMEX
Features and Functional Benefits
• Low profile, lightweight cushion: Designed for long-term sitting comfort and easy lateral transfers
• Molded dual-firmness polyurethane foam: Soft top layer provides exceptional comfort and firmer bottom layer stabilizes and supports the pelvis
• Contoured seating surface: Promotes neutral leg positioning while providing gentle positioning
• Beveled sides: Allows use with a drop seat
• Moisture resistant coating: Seals and protects foam from moisture; easily wipes clean
• Outer cover: Breathable water repellent cover to keep the user cool and dry

Specifications
Width: 14” – 22”
Depth: 14” – 20”
A. Height at adductor 2.625”
B. Height at abductor 3.0”
C. Height at leg trough 2.25”
Cushion weight approximately 2.3 lb.
Limited warranty 1 year
INVACARE®
Matrix® Accessories
