Fit & Function

Matching seating and positioning products to optimise clinical and functional outcomes

Presented by Invacare Canada

**Presenter:**
Cher Smith,
Occupational Therapist

Matching seating and positioning products to optimise clinical and functional outcomes

**Learning Objectives**

1. Participants will have the opportunity to explore various wheelchair and seating components through interactive workshops
2. Participants will be able to identify and match functional needs with various seating and mobility options
3. Participants will be able to integrate various components of manual wheelchairs, seating, accessories and power add-on devices
4. Participants will develop strategies to create whole seating and manual mobility systems to promote comfort, function, and independence

Please see reverse side for Seminar details and registration form

**Cher Smith** is an Occupational Therapist currently working as the Wheelchair Coordinator at the Queen Elizabeth II Health Sciences Centre. She is also an adjunct professor in the School of Occupational Therapy at Dalhousie University in Halifax, Nova Scotia. She has been working as an OT involved in research, clinical and educational work. She is an informed and inspiring speaker who has presented at numerous national and international conferences.
